

Her Wacky  
Smile...

just one of  
thousands  
of reasons  
you love  
her...

# KEEP IT HEALTHY!

We look at our gorgeous kids and marvel at their strengths and revel in their quirks. But the quirks in your child's smile, endearing as they are, might actually be signals of a future problem.

At Blackhawk Dental Care, Dr. Jeffrey Jarvis makes sure everything is – and will be healthy and sound in her smile. Our early detection program for cavities, our sealants and our philosophy of gentle, conservative care ensures that her smile is healthy, protected and sound—for a lifetime.

**FREE** "Toothprints®" child identification  
with new patient exam and cleaning.
