They're Worth Celebrating

Chris Leiszler, DDS
414 Ames Street
Baldwin City, KS 66006

Everybody needs a reason to smile. We certainly have one...and we'd like to share our smiles with you.

That is why we offer the kind of dentistry we do – dentistry that is on the cutting edge of technology and innovation while still offering all the comforts and conveniences of a small town practice. We don't think you and your family should have to go anywhere else to get the best dentistry has to offer.

From our family to yours – with a smile.
