DENTISTRY FROM THE HEART

SMILING MAKES LIFE MORE BEAUTIFUL

Life is full of wonderful moments: graduations, weddings, births and discoveries ...even quiet meals with friends can be precious and unforgettable. These memory-making moments have one thing in common – your smile!

THE HAPPINESS EFFECT

Smiling can actually make every day more enjoyable by releasing endorphins and other happiness hormones. In fact, smiling can make you healthier by boosting both your mood and your immune system. Moreover, science shows that smiling is contagious, so when you smile, more people around you smile and receive the life and health-improving benefits of joy. Simply smiling creates a happiness effect all around you!

OUR DENTISTRY BRINGS LIFE TO YOUR SMILE!

This is why we practice the dentistry we do. We are here to help the most damaged smiles, the most fearful people, find the confidence and life-affirming power of a bright, full and healthy smile.

"It's definitely worth the drive. I love you guys! You make everything stress free and painless. I'd drive to the ends of the earth to come see you for all my dental treatment. You rock!"

— NYLA SKINNER

GENTLE, STRESS-FREE, COMPASSIONATE CARE

Many of our patients travel a significant distance, passing major cities with a denser population of dentists, in order to come to us. Why? Central Kansas Dentistry is known for catering to patients with major fears or major dental problems – or both – with a careful, personal touch and masterful skill. The results of Dr. Williams' restorative and cosmetic work are life changing!

COMFORT AND WARMTH TO SOOTHE EVEN FEARFUL PATIENTS

Not only do we offer unparalleled clinical excellence, we offer comfort, warmth and personalized attention.

We treat people differently, avoiding the cold attitudes and stark atmospheres that seem to be the standard of clinical care these days. Instead, we make sure that you are relaxed, comfortable and pain free and that you feel at home in our fun and friendly office. We take our time with you, giving you plenty of time to talk, ask questions and voice your concerns. And we really do listen. We consider it an integral part of your care.

This gentleness is complemented by the relationships we build with people – when people feel truly cared for, they are less stressed and procedures are more successful. Everything goes better when a person is less tense.

That's why we also offer a full menu of comfort amenities, including:

- Refreshment center with water bottles, coffee, tea and juices
- Massage chair and relaxation room for sedation patients
- Cozy blankets, neck pillows and hot towels
- Entertainment options including music, TV and movies

COSMETIC AND RESTORATIVE DENTISTRY

BRINGING SMILES TO LIFE

Dr. Williams' passion is major rehabilitative work but all aspects of his work are completed with an artist's eye. His aesthetic sense, his heart for people and his love of a challenge combine to make him one of the most sought after dentists in all of Western Kansas, especially for people who have severe dental problems and want to get their mouths fixed right – the first time.

The process is dramatic and life changing, but as dramatic as the changes can be, every procedure is performed with such grace and warmth that even the most phobic of patients is put at ease.

LIFE CHANGING DENTISTRY IN ACTION

THE TRUE STORY OF A SMILE SET FREE

Cindy was so terrified of the dentist that she had put off significant, necessary dental work for years. She simply could not bring herself to enter the front door of any dental office. But now, she had something that motivated her – her upcoming wedding. She finally decided that she simply would not let herself get married with her teeth and her smile in such awful shape.

"Our cosmetic technology and restorative ability is fantastic. You know, we can do some miracles now that we weren't able to do before."

– DR. KURT WILLIAMS

After her first visit with Central Kansas Dentistry, Cindy sent Dr. Williams this message:

"I have to start out by saying a big WOW!!! You guys are more than totally awesome. I was so freaked yesterday morning. But after I got started it was a breeze. I don't know what or how you do it but I can guarantee you I have never been to any other dentist in my life as great as you and all the staff are. My appointment was a breeze. You can ask anyone who has known me for a long time what a fear of the dentist I have. As long as Dr. Williams is around I will continue to go to him."

The completion of her dentistry was smooth and painless and once completed, Cindy was able to celebrate one of her life's most beautiful moments with a confidence and sparkle she never thought possible before.

"You guys are so awesome... you don't know how much you made an impression on my life and how happy you made me. I never dreamed I would have a smile like this! Thanks again to everyone!"

We are here to sympathize, encourage, console, ease your fears, and ultimately, free your smile and revitalize your health!

"This young lady is the exact reason that I went into dentistry"

MEET DR. KURT WILLIAMS

Raised in Salina, Kansas, Dr. Kurt A. Williams attended the University of Nebraska – College of Dentistry where he earned the class award for “Excellence in Operative Dentistry.” Dr. Williams is an active member of the International Association for Orthodontists and is a founding member of the International Association of Mini Dental Implants. Every year since 2007, Dr. Williams has been recognized by Who’s Who for being in the top 10% of general dental offices nationally.

To stay current with the latest trends, Dr. Williams and his entire staff routinely attend the annual Chicago Midwinter Dental Meeting – one of the largest dental meetings in the country. What really endears Dr. Williams to his patients, though, is not all of the techniques that he has learned; it is his extremely gentle touch!

“My only regret is that I didn’t do this years ago!”
